**Raise Up NH**

No one who works full-time should live in poverty.

We the undersigned believe that New Hampshire’s minimum wage of **$7.25 an hour is a poverty wage** and should be gradually raised to **$15.00 an hour by 2024**.

New Hampshire is the only state in New England that has not raised the minimum wage in 10 years. We call on New Hampshire’s House of Representatives, Senate, and Governor to **Raise the Wage**.
